

Transalis' **Order to Cash** solution has been certified by GS1 UK as capable of correctly and consistently implementing the listed GS1 standards and associated best practise. This certification is valid until 31 July 2018.

---

<b>Company name:</b>	<b>Transalis</b>
<b>Solution name:</b>	<b>OpenEDI</b>
Version certified	1
Release certified	2
Release date	12 February 2009
Description:	SaaS, web, and integrated full-cycle EDI Solution and B2B Integration Brokerage. Transalis OpenEDI integrates multiple EDI documents and standards between heterogeneous networks, systems and trading partners. OpenEDI connects global supplychains allowing any business regardless of size to trade electronically, anywhere in the world with any trading partner. Thousands of organisations make use of OpenEDI, today. Transalis is also a PEPPOL Access Point provider, including under the Crown Commercial Services Framework for the NHS.
<b>Certified GS1 standards:</b>	
GS1 eCom messages:	EANCOM: Order, Invoice and Despatch Advice
GS1 Identification Keys:	GLN, GTIN and SSCC

Transalis confirms OpenEDI supports the latest version of GS1 EANCOM 2002, Edition 2016.

GS1 UK has certified this solution following a defined and consistent process to ensure conformance to the latest relevant published GS1 standards. Transalis confirms that all the information presented here is true and correct as of the 31 July 2017.
