

CONNECTIONS THAT WORK

Experience the benefits of successful EDI through ecosio's EDI platform, network and service.

BECAUSE YOUR COMPANY DESERVES THE BEST

At ecosio we challenge the status quo in EDI to allow our customers to experience EDI's full potential every day. We are passionate about cutting-edge technology and enabling our clients to turn EDI from a hurdle into a hero. To us every EDI message matters.

THE COMPLETE SOLUTION

Successful EDI relies on three key pillars: a powerful platform, a flexible network and a reliable service.

THE ECOSIO PLATFORM

- Message conversion to/from any format
- Industry-leading ERP integration
- Flexible, reliable and scalable
- Continuous innovation

THE ECOSIO NETWORK

- Message exchange via any EDI protocol
- Out-of-the-box connection to all VANs
- End-to-end transparency
- Compliance with international e-invoicing

THE ECOSIO SERVICE

- Configuration and testing of EDI connections and mappings
- Round-the-clock infrastructure monitoring
- Proactive message monitoring and error resolution

IMPROVE PERFORMANCE AND BOOST YOUR COMPETITIVE ADVANTAGE

average savings thanks to easy data access for all teams

faster time-to-value via faster partner onboardings

uptime for 9 years due to state-of-the-art, triple-redundant infrastructure

of partner EDI requirements met
