## Item 5 Deliverables for the Healthcare User Group

1.To create a GS1 UK compliance specification for the NHS for clinician/ non- clinical system procurement in line with NHSX recommendations

Action – To review and send comments to Claire Clarke by next Thursday. Plan is to publish document at the end of May 2020

2.To define how GS1 standards contribute to the sustainable NHS

Action – Requires scoping as to define the ask. Discussion re medicines/ greener / waste/ full life cycle cost of items. Neil Hind / Gill Fox will lead this workstream, Andrew Davies keen to stay close to the medicine's aspect.

Action Glen Hodgson to raise at Global Healthcare Leadership team to determine if there is any activity

3.To create a document to detail how GS1 standards align in the closed medicines administration loop supply and administration and these be championed as best practice.

Interested parties are Judie Finesilver, Richard Price, Tony Naylor, Andrew Davies & Jo Goulding

Action – CC to discuss with Ian re letter, call arranged 28<sup>th</sup> May and follow up with interested parties.

4.Update guidance on traceability of surgical instruments including CJD.

Action – CC arrange a call with Andrew Stevenson, Vicky Green & Richard Price to review existing guidance document.

5. Wristband compliance – Dummies how to guide?

Action CC to discuss with GS1 UK standards team

6. GLN's & LM

Discussion re the location topic including the usability of GLN's in supply chain, Global Locations numbers being used in Falsified Medicines Directive instead of ODS Codes along with the potential to link to geo locations.

Action- CC to discuss with Ian to scope out this piece and feedback

7. IMS / Product Catalogue

Work underway with HCSA regarding Inventory Management guidance pack

Action – CC to arrange a call with Jackie Pomroy and Vicky Green

8. Published Staff ID Guidance

Phil Graham has agreed to join the HUG

Action- CC to arrange discussion with Phil & Ian

9. Value Proposition of GS1 (List of Use cases that are responsive to the environment)

Action – all to feed in case studies

### Other Useful Items required

#### Generic business case

Neil Hind suggested that having a draft business case to cover the People, product & place core enablers would be very useful for trusts looking to submit a case to boards.

Action – Review post Scan4Safety benefits published

#### Recallnet

Andy Crosbie raised the need to improve recall in the healthcare system like what Australia & Canada have. Previously visited and guidance revamped in 2019 but the need to determine financial flow to support this approach.

Action – To create a draft business case and determine if ABHI Members would be interested? Andy Crosbie/ Andrew Davies.

CC to discuss with Jason Hale

## Item 6 Any Other Business

Richard Price raised how we bring the Healthcare Advisory Board closer to the HUG and into the adoption groups.

Action – CC to discuss with Richard what else is required to drive adoption into regional groups
